

**Brenzavvy**<sup>®</sup>  
(bexagliflozin)

Actor Portrayal

## FOR PATIENTS

### Looking for a pharmacy that has Brenzavvy<sup>®</sup>?

You've heard of the new medications designed to lower blood sugar levels in adults with type 2 diabetes. But they're so expensive.

Try Brenzavvy, a lower-cost alternative to similar drugs. Brenzavvy, along with diet and exercise, works the same way. This sodium-glucose cotransporter has just been approved by the Food and Drug Administration and is in demand.

To find a pharmacist near you, just call 800.333.8097. Our friendly staff will guide you to the healthcare professional right for you.

**Take care of your own health.**
