

Brenzavvy[®]
(bexagliflozin)

Actor Portrayal

FOR PHARMACISTS

Help your patients with Brenzavvy[®].

Stock up on Brenzavvy from PBA Health. The new sodium-glucose cotransporter 2 (SGLT2) is more affordably priced than other drugs in the SGLT2 class. The price point makes SGLT2 therapy available for so many people who might not be otherwise able to afford it, such as your patients who are uninsured, underinsured or on Medicaid.

Just log into your [BuyLine account](#). If you don't already have an account, setting one up is easy and fast. Call us at 800.333.8097.

We're in business to help your business.
